

GC Corporation was founded in 1921 in Japan and has developed itself into one of the most prominent companies in the development, production and distribution of a very wide range of dental products. Since 1972 **GC Europe NV**, our European Headquarter is located at the Researchpark Haasrode in Leuven. GC Europe NV supports and leads our different sales offices and dealers. Our warehouse spreads our products to Europe and the Middle East. Next to this we produce some leading products for dental technicians.

We are currently looking for a:

Data analyst

Purpose of the job

As our data analyst, you will be responsible for managing SAP in production and for cost controlling in order to offer the right data at all times to management. You will be supporting a colleague who is currently involved in an internal global project.

Main responsibilities

- Be the SPOC for all SAP related problems and questions
- Maintain, analyze and report data generated by production
- Collect, document and analyze the requirements concerning the improvement and development of SAP
- Coordinate SAP change requests
- Present data in graphs, tables, ...
- Be responsible for product costing and related master data
- Perform monthly order settlements: ensure accuracy and timeliness, and ensure analysis and explanation for difference between actual and target costs

Requirements

- Bachelor's degree with a technical focus
- Thorough knowledge of Microsoft Office Excel and Word
- Thorough knowledge of SAP production, SAP quality management, SAP warehouse management and of SAP cost controlling
- At least 3 years experience in production environment with SAP
- Very good Dutch and good English

We offer you

- A challenging job in a growing international company.
- A contract of definite period
- Flexible hours and competitive salary including benefits (meal vouchers, hospitalization and group insurance)
